

COMMONWEALTH OF MASSACHUSETTS  
**THE GENERAL COURT**  
STATE HOUSE, BOSTON 02133-1053

January 9, 2014

Secretary Richard A. Davey  
Massachusetts Department of Transportation  
10 Park Plaza, Suite 4160  
Boston, MA 02116

Dear Secretary Davey,

The I-90 Viaduct Interchange Improvement Project has the potential to dramatically improve quality of life in the surrounding neighborhoods. We are writing to urge you to establish a stakeholder working group so that community input is incorporated from the outset of project design.

There are many different groups, active in the neighborhood that may warrant inclusion in this process.

The I-90 Viaduct Interchange Improvement Project is more than a transportation project, it has the potential to fundamentally change the way Allston and North Allston connect to each other, the river and the region. We appreciate your consideration of this proposal.

Sincerely,
