By signing below, I declare my **NON-OPPOSITION** to Compassionate Organics, Inc. operating a Registered Marijuana Dispensary serving duly licensed patients on Harvard Avenue, in Allston.

It is my belief that the presence of a Registered Marijuana Dispensary (RMD) on Harvard Ave. will serve the patients of the Greater Boston area while also preserving the integrity and feel of the Allston community. We further believe that local businesses will benefit from the increased and diverse traffic patterns that will be created by CO's presence on the street, and we will not oppose their opening.
