

100 ARMENIAN GENOCIDE

CENTENNIAL COMMEMORATION 

With these events, we honor the memories of the one and a half million Armenians who were killed and the countless others who were driven out of their ancestral homeland in Turkey during the Armenian Genocide of 1915. These observances serve to remind us of the tragic legacy of what was lost and renew the call for justice for a crime against humanity committed by the Ottoman Turks 100 years ago.
