

YOU'RE INVITED!

Join us to discuss transportation safety improvements for **Beacon Street** at a community meeting on **Wednesday, June 1.**

Attend our community meeting to discuss ways we could redesign Beacon Street to increase safety for everyone who uses the street.

We need your ideas to shape the project's objectives and identify the design interventions that should be considered.

Wednesday, June 1, 2016

6 to 7:30 PM

**Boston Public Library, Commonwealth Salon
700 Boylston Street**

Beacon Street safety improvements

The Boston Transportation Department is exploring potential improvements to Beacon Street to slow drivers and improve safety for people who are walking, biking, and driving in the Back Bay.

We want to hear from people who walk, bike, and drive along Beacon Street. The June 1st community meeting is an opportunity to share data and help us understand the needs and opportunities. At the next meeting, we will share the results of technical analysis and public comment and the most promising safety improvements. Our work builds off a March 2016 meeting hosted by the Neighborhood Association of Back Bay.
