

Green Line B Branch Station Consolidation

Public Information Session:

**Tuesday, June 11
6:00 PM**

Starting next year, the MBTA will be merging four stations on the Green Line B Branch into two stations. St. Paul St. will be merged with BU West, while Babcock St. will be merged with Pleasant St.

The new stations will have more canopies over the platform, and the platform will be raised to allow for level boarding. Removing two stations will also have the added benefit of reducing travel on the B Branch.

Come learn how we plan to improve your experience at the new stations.
